

LIFE IN ZANZIBAR

Contact us

- As a volunteer you will be immersed in the vibrant Zanzibar culture on a daily basis and will learn Kiswahilli through interaction with the local people and their daily activities.

Your weekends will be free, so make the most of them! There are a range of activities depending on how adventurous and active you are

- Activities include: scuba diving, snorkeling, kite surfing, yoga, soccer, Taarab music, traditional dance, arts and crafts, cookery class, spice tours, and much, much more

WHO WE ARE

Sazani Associates is a UK based award winning international not-for-profit organisation supporting sustainable livelihoods. We believe that through education and training we can improve communities' quality of life and continue the ongoing fight against poverty.

Instead of sending food or huge amounts of money, our highly educated and experienced team members provide help and support to give communities new skills and create a sustainable future for themselves.

Now you can make a 'hands on' difference by working with us to support poverty reduction with rural communities in Zanzibar.

WHERE WE WORK

- Sazani Associates works with local and national governments, NGOs and the private sector in the UK, EU and overseas. We have registered offices in Wales (UK), Zanzibar (Tanzania) and Belize.

Zanzibar...Paradise vs. Poverty

- Our main volunteer programmes are on the island of Zanzibar - a semi- autonomous part of Tanzania, about 25 miles off the mainland.
- These tropical islands, with their palm lined white beaches and rich culture, are a popular tourist destination, attracting over 100,000 visitors annually. Yet, many locals still live in extreme poverty.

OUR COMMITMENT...

Relying on our existing partnerships with Zanzibar community and educational bodies, we deliver life skills and enterprise training to support and promote sustainable livelihoods.

Sazani Associates is committed to responsible, sustainable eco-tourism practices, and ensures that our volunteer opportunities:

- Minimise the negative impact of mass tourism
- Build environmental awareness and action
- Provide direct financial benefits to the community and for conservation
- Respect local culture
- Support Human Rights

...YOUR OPPORTUNITY

Would you like to be part of something that makes a real difference? **Then join us!**

Are you are wondering what you have to offer and can gain? Read on...

- We will match your skills and knowledge with the local communities and groups we work with to provide a unique learning experience for you
- We offer an authentic skill share opportunity to support the sustainable development of a rural community, as well as enjoying the vibrant Zanzibar culture
